

# PATRICK ABADILLA

0435 514 113 | patrick.abadilla2@gmail.com

Hi, I'm Patrick and I am an aspiring web developer. I have a background in Accounting and Finance, with a knack for numbers, coding, and computers in general. I aim to find something that can feed my creativity, push my development as a programmer, and ultimately work on something that I am passionate about.

## EXPERIENCE

Sep 2015 -  
Feb 2017

### Challenger Limited

#### Financial Services Administrator

- Maintaining accurate registry and system records with attention to detail
- Liaising through written and telephone enquiries and requests from internal and external parties in a professional and timely manner
- Participating in a team environment to provide assistance, take responsibility or partake in special projects

Aug 2012 -  
Sep 2015

### Self-Employed Tutor

#### Primary and High School Mathematics

- Lesson planning and weekly schedules attuned to each student's and client's specific situations
- Constant communication with clients verbally and through monthly reports to document progress, and invoicing

Feb 2014 -  
Mar 2015

### Macquarie University

#### Enrolment Team Assistant

- Face-to-face customer service for Macquarie's student enrolment systems
- Data entry of student details requiring accuracy
- Coordinating incoming students, and general crowd control

## EDUCATION

To be completed in  
August 2017

### Coder Factory Academy

#### Fast Track Course, Diploma in Software Development

A full time 6 month course with 1 month internship in the field of Web Development. Ruby, Ruby on Rails, HTML, CSS, JavaScript and various frameworks are learned throughout the length of the course.

Completed in  
Mar 2016

### General Assembly

#### HTML, CSS & Web Design Circuit

General Assembly's 10 week introductory online course in HTML, CSS and Web Design.

Completed in  
Jun 2015

### Macquarie University

#### Bachelor of Commerce - Professional Accounting

Throughout my time studying accounting at Macquarie, I established a foundation in mathematics, and exposed myself to accounting systems and excel. During my time, I undertook an elective which exposed me to basic HTML and social media, which helped me further explore an interest in programming and IT in general.

## INTERESTS

July 2014 -  
July 2016

### Korean Language Course

A language program offered at Macquarie University and Sydney CBD by the Korean Cultural Centre for those wishing to be proficient in Korean.

June 2015 -  
August 2015

### SMASH! Convention Volunteer

Unpaid volunteer work at Sydney's largest Japanese pop culture convention. Responsibilities include gaming tournament management, general crowd control, customer service, and physical labour.
